

The Insider Express

A monthly e-newsletter of the HAM-TMC Library

Vol. 8 (9) 2010

Topics: Eugenics and Ethics Panel; A Lecture on Clinical, Ethical, and Genetic Effects of Atomic Bombs; Library Subscribes to Micromedex®; October Library Classes

Eugenics and Ethics Panel

A panel discussion on “**Medical Ethics, Eugenics, and the Holocaust**” will be held on **Wednesday September 29, 2010 from 3:00 p.m. – 5:00 p.m.** at the auditorium of **The University of Texas Medical School building room MSB 3.001.**

Participating panelists are: **Rabbi Samuel E. Karff, Daniel Cardinal DiNardo, and Sheldon Rubinfeld, MD.** The panel will be moderated by **Thomas R. Cole, PhD.**

This event is sponsored by the John P. McGovern Center for Humanities and Ethics and the HAM-TMC Library.

If you would like more information about this event please call Beatriz Varman at 713.799.7169 or email Beatriz at beatriz.varman@exch.library.tmc.edu

A lecture on Clinical, Ethical, and Genetic Effects of Atomic Bombs

Dr. Tomoko Steen, a specialist in the biological and social effects of the atom bombs dropped on Hiroshima and Nagasaki near the end of World War II, will speak on **Monday, October 4 from noon to 1 p.m. on the first floor of the Library.**

Dr. Steen is a research specialist in the genome and Japanese science and technology policy at the Library of Congress, Science, Technology and Business Division. She is adjunct faculty member of the Johns Hopkins University’s Department of History.

The event is free and open to the public.

Lunch will be provided to the first 75 attendees.

If you would like more information about this event please call Beatriz Varman at 713.799.7169 or e-mail Beatriz at beatriz.varman@exch.library.tmc.edu

Library Subscribes to Micromedex®

Do you need to know the pregnancy category of Klonopin™, or whether diazepam and oxaliplatin are compatible in a Y-Site? How about what black cohosh can be used for, or the elimination half-life of penicillin?*

All of these questions and more can easily be answered using Micromedex®. The TMC Library is pleased to announce the addition of the Micromedex® Healthcare Series to its list of databases accessible to our **academic institutions.** Micromedex® is a comprehensive database providing information on drugs, diseases, toxicology, laboratory tests, alternative medicine, and patient education. From in-depth pharmacokinetics to dosing and therapeutic tools, Micromedex® presents thorough, unbiased information on thousands of topics. Watch the Library homepage for upcoming classes on searching Micromedex®.

Please Note: While Micromedex® is available to our academic institutions remotely, it is licensed to us for **academic and training use only**. Use of this subscription to affect outcomes in any clinical setting, whether it be a laboratory or a care facility, is strictly prohibited by the terms of our license. Please comply with this restriction.

For more information on Micromedex® and how to access, go to the [Library website](#) click on the Databases link and select M from the alphabetical list.

*Answers: D; No; menopausal symptoms, 20-50 minutes.
