This Book is brought to you for free and open access by the School of Nursing at DigitalCommons@TMC. It has been accepted for inclusion in Doctor of Nursing Practice Projects by an authorized administrator of DigitalCommons@TMC. For more information, please contact digitalcommons@library.tmc.edu.

The Doctor of Nursing Practice (DNP) program prepares clinical scholars recognized for outstanding leadership and innovation to apply their talents and expertise to delivery of evidence-based patient- and population-centered care that improves systems of care and positively influences patient outcomes. The program focuses on inter-professional collaboration and development of the kinds of competencies in quality improvement and safety that lead to enhanced outcomes for patients, families, providers, and organizations.
