Participate in a Library Survey

The HAM-TMC Library conducted a series of focus groups to help determine the future path of both the physical and virtual library. The focus groups attracted a limited audience. The Library created a survey, based on responses from the focus groups, to encourage broader input from other Library users. The Library values your opinion.

The survey is available at:

Please participate in the survey, even if you attended a focus group. The Library wants as much input as possible. The survey is available until the end of June and it takes approximately four minutes to complete.
