Library Subscribes to Access Medicine and Access-Surgery

McGraw-Hill's *Access Medicine* is a multimedia online resource that provides answers to clinical questions from the most trusted sources. Access Medicine is updated daily by recognized physicians, images can be downloaded to a PDA.

Access-Surgery is a database of answers to surgical inquiries containing similar features. The database includes surgical videos, animations, trusted textbooks and atlases in surgery and Board Review tests. You can view the videos on your iPod and MP3 compatible devices.

To access either of these databases go to the [Library web site](#) and click Databases or use the link in the E-Resources Alerts entry.

Remote access to each is available at the Educational and Clinical Partner levels.

Library to Host the NLM Exhibit Changing the Face of Medicine

The HAM-TMC Library is one of 61 libraries from across the U.S. selected to host *Changing the Face of Medicine: Celebrating America's Women Physicians*, an interactive, multimedia traveling exhibition that honors the lives and achievements of American women in medicine – past and present.

Changing the Face of Medicine features stories from a rich diversity of women physicians from around the nation and highlights the broad range of medicine that women have practiced.

The traveling exhibition “*Changing the Face of Medicine: Celebrating America's Women Physicians*” was developed by the Exhibition Program of the History of Medicine Division of the National Library of Medicine in collaboration with the American Library Association Public Programs Office. The traveling exhibition has been made possible by the National Library of Medicine and the National Institutes of Health Office of Research on Women's Health. The American Medical Women's Association provided additional support.

The exhibit will be available at the Library from **April 23 through June 6, 2008**. Among the programs planned by the Library, there will be an opening reception on **April 30, 2008 at noon** and a panel discussion on **May 6, 2008 at 11:30 am**.

More information on these and other programs will be posted in the Library web site in the incoming months.
