Dedication to Family Preservation Workers

A special kind of workers are in the
world today
To help us as families, to show us
the way
To love each other, to live together, to
teach us to respect, stand by and stay together
as families should
These workers are ordinary humans like
you and I, the things that make them different
is they possess these golden qualities
They extend themselves beyond the call
of duty
They fill us up with positive solutions
to keep our families moving
There is only one way they lead us, it's
back to the right track
Yes, Family Preservation workers help us,
make it back
Where there is or have been years of
patterned abuses and or dysfunctions they may
not have been witnesses to it, or don't know the
reason at all, but deep down, inside of a genuine
devoted worker is that golden quality that beckons
them to answer our calls
Family Preservation workers have their
own lives and families too, each case they
handle isn't just another job they get paid
to do.

But everytime they are able to work through
the knots and ties and keep another family
together I truly believe it makes their job more
worthwhile

Family Preservation workers (or any worker)
who Trust and Believe in the Lord Jesus
Christ and Pray is an extra bonus to a
family, for if they are of such standing
we truly know they want only your best
they are not our enemies

Keep up the good work, even when
you handle families that don't want to
be saved or reached

Remember those who you have already
saved and helped and those you all have
yet to meet.

God Bless Each and
Every one of you and your
families as well

Remember they that wait
upon the Lord shall renew
their strength (Isaiah 40:31)
and Never, Never, Never,
"Throw in the Towel"

Every family is worth saving.
