## **Public Library Access Comes to The Texas Medical Center Library**

Have you ever had trouble finding the time to make it to the public library to pick up the latest bestseller, an audio book for your commute, or a picture book for bedtime sharing? Starting January 3, 2012, Harris County Public Library (HCPL) materials will be available for convenient pickup at The Texas Medical Center (TMC) Library location. Simply select the materials you want in the HCPL catalog at [www.hcpl.net](http://www.hcpl.net), place a request using your library card, and the items will be delivered to The TMC Library. Once your items arrive, you will receive a notification by e-mail or phone and have one week to pick them up. If you would just like to browse, the library will have a small collection of books for adults, children and teens available on site.

If you don't currently have a HCPL library card, you can apply for one online at: <http://www.hcpl.net/about/library-cards> or at The TMC Library. Library cards are free to residents of the state of Texas with proof of mailing address and three-month visitor cards are available for non-Texas residents. To checkout eBooks and eAudios from the Digital Media Catalog for use on your iPad, iPod, Kindle or Nook, you will first need to get your card from The TMC Library, and then enjoy convenient access, anytime, anywhere. Harris County Public Library has 26 library locations throughout the area and a collection of over 2 million items, including books, CDs, DVDs, databases, eBooks and eAudios for all ages, so there is something to appeal to everyone. It's not always easy navigating the area around the Medical Center, so HCPL and The TMC Library hope to reduce your daily stress with this new program.

Please contact the TMC Library Circulation department at: 713.799.7146 with any questions.

## **A-Z Access to TMC's Electronic Book Collections**

The TMC Library is implementing e-book access via the familiar A-Z list you use for finding electronic journals. If you want to know what electronic books the Library has on a particular topic, or need to find a certain textbook in electronic format, there is now an easier way to answer your question. To search for electronic books available at the TMC library, go to the A-Z List of Online Journals & E-Books, available at: <http://ca3cx5qj7w.search.serialssolutions.com/>

If you have ever searched for e-journals at The TMC Library, you are already familiar with the A-Z list: now it also includes electronic books. When you first access the search box for the [A-Z List of Online Journals & Books](#), all item types are selected by default: Books, Journals and Other. Select only Books to limit your title search. You can also browse by subject or publisher.

Please note that the e-books from two collections are currently being added and entries for them will be completed during the next few weeks: Gale Virtual Reference Library and NetLibrary, now called Ebooks@EBSCO. The rest of the collections are already listed.

If you need assistance in finding an e-book, contact the Reference and Outreach Department at:

[reference.librarian@exch.library.tmc.edu](mailto:reference.librarian@exch.library.tmc.edu), or 713.799.7161 or via chat at:  
<http://www.library.tmc.edu/ask/chat.html>

### **Journal of Family Strengths: New TMC Library Publication**

The TMC Library announces the publication of the *Journal of Family Strengths* (JFS) available at: <http://digitalcommons.library.tmc.edu/jfs/>

*JFS* continues the *Family Preservation Journal* which was first published in 1995. This current volume marks the Journal's evolution from a traditional print to a fully online open-access format. *JFS* is a peer-reviewed online journal produced by the [CHILDREN AT RISK Institute](#) in partnership with the [Center for Family Strengths at the University of Houston-Downtown](#) and the [Texas Medical Center Library](#). *JFS* is devoted to presenting theoretical, policy, practice, and evaluation articles on the strengths perspective in family-centered practice to improve services that promote and sustain family systems.

The current issue includes research on:

- The enhancement of reunification outcomes for families in the child welfare system through the Parent Partner program
- The impact of environmental factors on sexually abused adolescents' reactions to abuse
- The benefits of waivers of some funds under Title IV-E of the Social Security Act
- The effects of kinship care on the child welfare system
- The need for male-focused community resources for fathers
- Child discipline and punishment methods

Are you interested in creating a new online journal? The Library provides software, training, publishing, and the editorial help you need. The software and service are FREE to members of the Texas Medical Center Library.

Contact Kate Krause at: [kathryn.krause@exch.library.tmc.edu](mailto:kathryn.krause@exch.library.tmc.edu) or 713.799.7126.
