

The Insider Express

A monthly e-newsletter of the HAM-TMC Library

Vol. 10 (8) 2012

Insider Express Blog: <http://thetmclibrary.blogspot.com/>

Save the Date: September 18, at Noon - Lecture and Book Signing by Dr. Peter Hotez.

The TMC Library will kick off the Medical Ethics Series 2012: *Vaccines, Epidemics and Ethics* with a lecture and book-signing by **Dr. Peter Hotez**, author of *Forgotten People, Forgotten Diseases: The Neglected Tropical Diseases and Their Impact on Global Health and Development* on Tuesday, September 18, 2012 from 12:00 – 1:00 p.m. at the TMC Library.

Dr. Hotez, founding Dean of Baylor College of Medicine 's new National School for Tropical Medicine, will discuss access to innovations in biotechnology among the poorest people in developing countries and in Texas, and will sign copies of his book.

A light lunch will be provided and attendees will be eligible to enter a drawing at each event to win a Kindle E-Book reader.

The Library will host a year-long series of six free lectures in the fall 2012 and spring 2013. Visit: <http://www.library.tmc.edu/medicalethics/vaccines2012> for more information.

This project has been funded in part with federal funds from the National Library of Medicine, National Institutes of Health, under Contract No. HHSN-276-2011-00007-C with the Houston Academy of Medicine-Texas Medical Center Library.

Additional Sponsorship is being provided by UTHealth, and by Elsevier, New England Journal of Medicine, Science and Ovid, some of the leading providers of science and health information resources available at the [TMC Library](#).

Keep Your Copyright! New Class Offered at the Library

Did you know that when you sign a contract to publish an article in a journal, you often sign away your right to give copies to your students and colleagues, and even the right to post a copy in your university's online repository? And that unless your university's library can afford to subscribe to that journal you may not even be able to access your own published work?

There are easy ways to negotiate with your publisher to maintain some of your copyright before signing on the dotted line. This class will show you how.

Thursday, September 27

12:00 pm – 1:00 pm

Taught by: Kate Krause, Digital Projects Librarian - Collections

Phone: 713.799.7126

TMC Library Orientations

It is not too late to attend a library orientation and find out about all the great services the library offers. **Library Orientations will be offered on the following dates in the Library classroom:**

Friday, August 24

10:00 am - 11:00 am

[Register Here](#)

Thursday, September 6

11:00 am - 12:00 pm

[Register Here](#)

Taught by: Allen Lopez, Education Librarian - Reference & Outreach

Phone: 713.799.7170

PMC - New Name for PubMed Central

The name of [PubMed Central](#) the public digital repository of full-text biomedical and life sciences journal literature provided and maintained by the U.S. National Institutes of Health and the National Library of Medicine has officially been shortened to PMC to avoid its being confused with PubMed.

Facts about PMC

There are currently 2.4 million articles archived in PMC from:

- 1,094 full participation journals (complete contents deposited),
- 233 NIH Portfolio journals (only the required NIH-funded articles deposited), and
- 1,753 selective-deposit journals (subscription journals depositing a few open-access articles)

A list of journals included in PMC can be found at:

<http://www.ncbi.nlm.nih.gov/pmc/journals/>

PMC was originally launched in February 2000, was developed and is currently managed by NLM's National Center for Biotechnology Information (NCBI).

PMC Free Access

As an archive, PMC is designed to provide permanent access to all deposited content. Please note that free access does not mean that there is no copyright protection. As described in the PMC [copyright page](#), publishers and individual authors continue to hold copyright on the material in PMC, and users must abide by the terms defined by the copyright holder.

How are journal articles provided to PMC?

PMC is not a publisher and does not publish journal articles itself.

Final versions of articles are contributed to PMC by participating publishers, and PMC is also the designated repository of manuscripts accepted for publication and submitted by authors to PMC in compliance with the [Public Access Policy](#) mandated by NIH and other research funding agencies. Go to <http://www.ncbi.nlm.nih.gov/pmc/> to access PMC.

Questions? contact the Reference & Outreach Department via e-mail: reference.librarian@exch.library.tmc.edu, phone: 713.799.7161 or Via SMS: TXT your question to 713.636.5295

Upcoming Library Classes

PubMed – Basic

Tuesday, August 28
6:30 pm – 7:30 pm

PubMed – Basic

Wednesday, September 12
10:00 am – 11:00 am

RefWorks

Thursday, September 20
2:00 pm – 4:00 pm

PubMed – Basic

Tuesday, September 25
6:30m pm – 7:30 pm

Classes are free and are offered in the Library classroom.
