Immunization in the U.S. – the Best or Worst in its Class?

[Dr. Anne Schuchat](#) will present the lecture *Immunization in the US – the Best or Worst in its Class?* on **Thursday, January 24, 2013 at 12:00 p.m. at the University of Texas Medical School Auditorium.**

Dr. Schuchat, Assistant Surgeon General, United States Public Health Service, will discuss immunization patterns across the lifespan, vaccine-preventable disease trends, and analysis of where and why we are failing. She will explore the reasons why pertussis is acting up, the factors that got HPV vaccine off track, and what UNICEF's health equity drive has to do with Houston's toddlers.

A light lunch will be provided on a first-come, first-serve basis. Attendees will be eligible to enter a drawing to win a Kindle E-Book reader by completing a short interactive quiz on National Library of Medicine databases such as PubMed.
