Official Journal of the American Pediatrics:

<http://pediatrics.aappublications.org/content/108/5/1227.full>

PEDIATRICS is an official peer-reviewed journal of the American Academy of Pediatrics. The journal publishes original research, clinical observations, and special feature articles in the field of pediatrics, as broadly defined.

UCLA Center for Healthier Children, Families, & Communities

www.healthychild.ucla.edu/

The Center for Healthier Children, Families & Communities is a multidisciplinary, community-focused research, policy, and training center at UCLA.

Harvard School of Public Health

www.hsph.harvard.edu/

The overarching mission of the Harvard School of Public Health is to advance the public's health through learning, discovery, and communication. To pursue this mission, the School produces knowledge through research, reproduces knowledge through higher education, and translates knowledge into evidence that can be communicated to the public, policy makers, and practitioners to advance the health of populations.

Center for Promotion & Prevention Research, University of Texas School of Public Health

sph.uth.edu/chppr/

CHPPR is an organization that conducts research to develop, evaluate, and disseminate health promotion and disease prevention programs in diverse settings and populations. CHPPR advances health promotion locally, nationally, and globally and draws from interdisciplinary expertise in behavioral science, health promotion and health education, epidemiology, statistics, and economics.

The Future of Children

futureofchildren.org/

The *Future of Children* is a collaboration of the Woodrow Wilson School of Public and International Affairs at Princeton University and the Brookings Institution. The mission of the *Future of Children* is to translate the best social science research about children and youth into information that is useful to policymakers, practitioners, grant-makers, advocates, the media, and students of public policy.

National Center for Children in Poverty

www.nccp.org/

The National Center for Children in Poverty (NCCP) is one of the nation's leading public policy center dedicated to promoting the economic security, health, and well-being of America's low-income families and children. NCCP uses research to inform policy and practice with the goal of ensuring positive outcomes for the next generation.

U.S. Department of Health & Human Services Administration for Children and Families

www.childwelfare.gov

Child Welfare Information Gateway promotes the safety, permanency, and well-being of children, youth, and families by connecting child welfare, adoption, and related professionals as well as the general public to information, resources, and tools covering topics on child welfare, child abuse and neglect, out-of-home care, adoption, and more.

Children's Bureau

www.acf.hhs.gov/programs/cb/

The Children's Bureau (CB) partners with federal, state, tribal and local agencies to improve the overall health and well-being of our nation's children and families.

Resource Center for Community-Based Child Abuse Prevention (CBCAP) (FRIENDS)

www.friendsnrc.org

FRIENDS National Resource Center for Community-Based Child Abuse Prevention (CBCAP) is a service of the United States Department of Health and Human Services, Administration for Children and Families, Children's Bureau. FRIENDS Technical Assistance Coordinators work with lead agencies to build a plan for capacity building in order to better meet the requirements of Title II of the Child Abuse Prevention and Treatment Act as Amended in 2003 (CAPTA).
