## Dedication to Family Preservation Workers

A special kind of workers are in the  
world today  
To help us as families, to show us  
the way  
To love each other, to live together, to  
teach us to respect, stand by and stay together  
as families should  
These workers are ordinary humans like  
you and I, the things that make them different  
is they possess these golden qualities  
They extend themselves beyond the call  
of duty  
They fill us up with positive solutions  
to keep our families moving  
There is only one way they lead us, it's  
back to the right track  
Yes, Family Preservation workers help us,  
make it back  
Where there is or have been years of  
patterned abuses and or dysfunctions they may  
not have been witnesses to it, or don't know the  
reason at all, but deep down, inside of a genuine  
devoted worker is that golden quality that beckons  
them to answer our calls  
Family Preservation workers have their  
own lives and families too, each case they  
handle isn't just another job they get paid  
to do.

But everytime they are able to work through  
the knots and ties and keep another family  
together I truly believe it makes their job more  
worthwhile

Family Preservation workers (or any worker)  
who Trust and Believe in the Lord Jesus  
Christ and Pray is an extra bonus to a  
family, for if they are of such standing  
we truly know they want only your best  
they are not our enemies

Keep up the good work, even when  
you handle families that don't want to  
be saved or reached

Remember those who you have already  
saved and helped and those you all have  
yet to meet.

God Bless Each and  
Every one of you and your  
families as well

Remember they that wait  
upon the Lord shall renew  
their strength (Isaiah 40:31)  
and Never, Never, Never,  
"Throw in the Towel"

Every family is worth saving.
